Profile

Full Stack Web Developer. Graduate of the UNC Chapel Hill Coding Boot Camp. Love JavaScript Debugging, and Building Dynamic interactive websites.

Projects

- **Trailr**

A Front-End web application for searching for movies. Users can search a movie by title, select which movie they're interested in, and view information about the movie such as its IMDB critic rating, trailer, runtime, if the movie is on Netflix to stream, and other related material. This application was created with HTML, CSS, Materialize CSS Library, JavaScript TMDb API, Moment.js, YouTube Data API v3, Streaming-Availability API via RapidAPI and Open Movie Database (OMDb) API.
